

# CORPORATE RESPONSIBILITY

## **1. Quality policy**

Sevitrade works with the highest quality standards to offer an optimal and safe service. All its activities are regulated by the Quality Management System, implemented in the company in accordance with the requirements of the UNE-EN-ISO 9001:2015 international standard, to which the company has been certified since 2004.

The aim of the Quality Management System is the continuous improvement of operations and the human and material resources used by Sevitrade to meet its customers' requirements. The aim is to consolidate and expand the company's activity by offering a service of the best possible quality in return for the trust placed in our management by all of our customers.

## **2. Commitment to the environment and environmental protection**

When it comes to environmental matters, the priority is to eliminate the impact of our activity on the environment by directing our actions towards spill prevention, optimising the consumption of resources, and the minimisation, separation and appropriate management of waste. The main objective of Sevitrade's policy is to maintain the sustainable development of activities and minimise the impact on the environment. For this reason, the company has implemented an Environmental Management System, structured according to the UNE-EN-ISO 14001:2015 international standard and certified since 2006.

## **3. Training and development**

Sevitrade S.L. offers its employees the resources and training tools necessary for their personal and professional growth, thus achieving continuous improvement that gradually trends towards corporate excellence.

## **4. Safety**

Our safety goal is zero accidents, based on the principle that every accident can be prevented. A proper risk identification and assessment guarantees the safety of people, facilities and processes. As a supplier to the chemical industry, we guarantee compliance with safety requirements through our UNE-EN-ISO 45001:2018 certification, which we have held since 2021 and previously since 2018, meaning that we carry out our operations under these standards with the aim of protecting the health of employees and the general public.

## **5. Responsibility towards stakeholders**

Sevitrade maintains a permanent and direct relationship with its stakeholders, allowing us to continuously improve our services and facilities to ensure the growth and best possible development of both our company and the suppliers and customers with whom we work.

## **6. Ethics and integrity**

Sevitrade follows a set of ethics and conduct principles that are fully respected and complied with by everybody who forms part of the company's human team.
